

what is migration history pdf

Migration and Globalization <http://www.globalization101.org> 2 Introduction Transnational flows of goods and capital have driven globalization during recent years.

Migration and Globalization

Human migration is the movement by people from one place to another with the intentions of settling, permanently or temporarily in a new location. The movement is often over long distances and from one country to another, but internal migration is also possible; indeed, this is the dominant form globally. People may migrate as individuals, in family units or in large groups.
