provide a picture of Vichy in the tropical empire, revealed in detail in three case studies. This was, Jennings claims, "pure" Vichy unclouded by any German occupation, although there was a Japanese presence in Indochina. What emerges is a common Vichy project that produced different results and had unexpected

consequences in each.

Imperial Heights: Dalat and the Making and Undoing of

Tropical environments have a unique climate that impacts the properties of soils and the mobility of radionuclides in terms of the higher temperatures and, in particular, the patterns of rainfall. In many tropical environments there are a monsoonal climate, implying intense episodic rainfall events; a fluctuating water table; and cyclic saturation and unsaturation with associated redox changes and flooding.

A coherent Doppler lidar system was frequency stabilized in a master-slave configuration by a phase-modulation technique. The short-term frequency stability, ≈ 0.2 MHz rms, was maintained in a vibrational environment on a ship during a field campaign in the tropical Pacific Ocean. The long-term frequency stability was < 2.6 kHz/h. Thus, in many applications, shot-to-shot frequency correction ...
