*Wed, 12 Sep 2018 21:10:00 GMT* In 2001, the New York City Transit Authority started disposing of retired subway cars by dumping them at sea to create artificial reefs, with the intention of promoting marine life. This option was chosen because it was less expensive than removing asbestos from the cars; the asbestos was determined to not be a hazard in the ocean. Further, the artificial reefs would provide environmental and ...

*Wed, 12 Sep 2018 20:34:00 GMT* This is when directors or writers release details about plots, characters, back stories, or other elements they thought about adding to the story at one point but ultimately never did. Unlike All There in the Manual, however, this new information is not released as Word of God with the intention of being added to the Canon. These elements are only What Could Have Been but never were and never ...
