Queer is an umbrella term for sexual and gender minorities who are not heterosexual or cisgender. Originally meaning "strange" or "peculiar", queer came to be used pejoratively against those with same-sex desires or relationships in the late 19th century. Beginning in the late 1980s, queer scholars and activists began to reclaim the word to establish community and assert an identity distinct ...

Gender identity is the personal sense of one's own gender. Gender identity can correlate with assigned sex at birth, or can differ from it. All societies have a set of gender categories that can serve as the basis of the formation of a person's social identity in relation to other members of society. In most societies, there is a basic division between gender attributes assigned to males and ...
