Weight training might not just improve your physique â€” it might help build a healthier heart, too. By GRETCHEN REYNOLDS

Well - The New York Times

Share your own feelings and reassure the parent that you will support them and help them solve their problems.; Help the parent to retain whatever control is possible in making his or her own decisions. Respect and try to honor their wishes wherever feasible. Encourage the smallest change possible at each step so that the parent is more able to adjust to the change.

Biological immortality (sometimes referred to as bio-indefinite mortality) is a state in which the rate of mortality

from senescence is stable or decreasing, thus decoupling it from chronological age. Various unicellular and multicellular species, including some vertebrates, achieve this state either throughout their existence or after living long enough.

Biological immortality - Wikipedia
