

business innovation and disruption pdf

In business, a disruptive innovation is an innovation that creates a new market and value network and eventually disrupts an existing market and value network, displacing established market-leading firms, products, and alliances. The term was defined and first analyzed by the American scholar Clayton M. Christensen and his collaborators beginning in 1995, and has been called the most ...

Innovation and Disruption at the Grid's Edge examines the viable developments in peer-to-peer transactions enabled by open platforms on the grid's edge. With consumers and prosumers using more electronic platforms to trade surplus electricity from rooftop solar panels, share a storage battery, or use smart gadgets that manage load and self-generation, the grid's edge is becoming crowded.

Innovation can turn new concepts into realities, creating wealth and power. For example, someone who discovers a cure for a disease has the power to withhold it, give it away, or sell it to others. 1 Innovations can also disrupt the status quo, as when the invention of the automobile eliminated the need for horse-powered transportation.
