historical survey of some types of peace models; the second will be treated throughout the present monograph, and the third property will be dealt with briefly in this introduction. Peace seems to be an "umbrella concept", a general expression of human desires, of that which is good, that which is ultimately to be pursued.

### **Theories of Peace - A Synthetic Approach to Peace Thinking**

impressive explication, A Constructed Peace, the mystery becomes a complex and fascinating presentation, with newsurprises, explained with care, caution, and due respect for the shifting postures, sinuous inter-allied conflicts, and unraveled [ends of a complex many-nationed confrontation. By any standards this book is indeed a page turner.

maintaining the "long peace" that followed. Trachtenberg's book has its limitations. As the title

suggests, the analysis is confined to the twenty years immediately following World War 11. In this context, A Constructed Peace provides additional evidence for the view long held by scholars and diplomats that
