Social class in the United States is a controversial issue, having many competing definitions, models, and even disagreements over its very existence. Many Americans believe that in the country there are just three classes: the American rich; the American middle class; the American poor. More complex models that have been proposed describe as many as a dozen class levels; while still others ...

The English word "China" is first attested in Richard Eden's 1555 translation of the 1516 journal of the Portuguese explorer Duarte Barbosa. The demonym, that is, the name for the people, and adjectival form "Chinese" developed later on the model of Portuguese chinês and French chinois. Portuguese China is thought to derive from Persian Chīn (چین), which may be traced further back to Sanskrit ...
