### **Inclusion Works - Child Development (CA Dept of Education)**

Child development entails the biological, psychological and emotional changes that occur in human beings between birth and the conclusion of adolescence, as the individual progresses from dependency to increasing autonomy. It is a continuous process with a predictable sequence, yet having a unique course for every child. It does not progress at the same rate and each stage is affected by the ...

Program Student Learning Outcome Statement. At the conclusion of the program of study, the student will be able to analyze and apply key theories and concepts of early care and education to employment settings and to advanced academic study in child development and related academic disciplines.

### **Child Development < MiraCosta College**

Play is essential to development because it contributes to the cognitive, physical, social, and emotional well-being of children and youth. Play also offers an ideal opportunity for parents to engage fully with their children. Despite the benefits derived from play for both children and parents, time for free play has been markedly reduced for some children.
