Fulfillment by Amazon (FBA) is a service we offer sellers that lets them store their products in Amazon's fulfillment centers, and we directly pack, ship, and provide customer service for these products.

Small Animal Clinical Nutrition, 5th Edition (2010-05-03)

Parenteral nutrition (PN) is the feeding of specialist nutritional products to a person intravenously, bypassing the usual process of eating and digestion. The products are made by specialist pharmaceutical compounding companies and is considered to be the highest risk pharmaceutical preparation available as the products cannot undergo any form of terminal sterilization.

Parenteral nutrition - Wikipedia

The gastrointestinal tract (digestive tract, digestional tract, GI tract, GIT, gut, or alimentary canal) is an organ system within humans and other animals which takes in food, digests it to extract and absorb energy and nutrients, and expels the remaining waste as feces. The mouth, esophagus, stomach and intestines are part of the gastrointestinal tract.
