Sociology is the scientific study of society, patterns of social relationships, social interaction, and culture of everyday life. It is a social science that uses various methods of empirical investigation and critical analysis to develop a body of knowledge about social order, acceptance, and change or social evolution. Many sociologists aim to conduct research that may be applied directly to ...

Sociological theories are statements of how and why particular facts about the social world are related. They range in scope from concise descriptions of a single social process to paradigms for analysis and interpretation. Some sociological theories explain aspects of the social world and enable prediction about future events, while others function as broad perspectives which guide further ...

Heroic men, heroic women, and animals . See also the section The courage of the bullfighters, which includes material on the courage of the rock climbers and mountaineers, including the remarkable achievements of the free climber Alex Honnold.. This is a very varied section, like some other sections of the page. So much writing in support of bullfighting is suffocating in its exclusion of the ...
