I thought it would be a useful followup to post a simple time-dependent energy balance model (spreadsheet attached) to demonstrate how infrared radiative flows affect the Earth's surface temperature and atmospheric temperature. (I might have done this before it sounds familiar). The model is the ...

50. Q: If people want to assess their own abilities as leaders, how do you suggest they get started? A: In our research we've learned that the behavior leaders struggle with the most is "I ask for feedback on how my actions affect the performance of others." It's something everyone finds difficult, so just asking the question about getting started is a big step forward.
